ERRATUM:
QUANTUM HALL WAVE FUNCTIONS ON THE TORUS

This document contains a short list of know errors/typos in the thesis "Quantum Hall Wave Functions on the Torus" as well as the date of their discovery:

- Page 25: (27/9-16) The vector potential $\vec{A}$ has the wrong sign and should read $\vec{A} = \frac{\tilde{y}B}{\tau_2}\left(-\tau_2, \tau_1\right)$.
